Join Us in a New Model of Care

I am pleased to announce my collaboration with Castle Connolly Private Health Partners, LLC (CCPHP). Through this collaboration, I am offering new services to patients who are interested in participating in a more innovative approach to their cardiology care. As my patient, you know that there is nothing more important to me than building a strong, collaborative relationship with you and being able to provide you with the information and guidance you need to make the best decisions about your care. Cardiovascular disease impacts your life in a variety of ways, and questions come up all the time – some simple and some more complex. In this special membership program, I will be available to you 24/7 via cell phone, text, e-mail, or virtual telemedicine visits to answer these questions.** As a member of Cardiology Associates-CCPHP, you will also have the benefit of same-day appointments and other convenient scheduling options. When you come into the office you will have extended appointment times so that we can spend the time you need to discuss your concerns and, together create a personalized approach to your wellness. You can learn more about the benefits of membership in this brochure. I also invite you to call us at 973-264-9619 with additional questions. We look forward to talking with you soon.

Sincerely,

David Ira Freilich, MD, FACC

David Ira Freilich, MD, FACC
Cardiologist

Dr. David Ira Freilich is board certified in general cardiology, echocardiography, and nuclear cardiology and is a Fellow of the American College of Cardiology. He has been in private practice in Morristown, New Jersey, for the past 25 years. Patient care is his primary focus, and he is committed to providing state-of-the-art care to his patients, with an emphasis on excellent communication, patient education, and ease of access.

Dr. Freilich's expertise in non-invasive cardiology—which encompasses nuclear cardiology, echocardiography, transesophageal echo and stress-echo—is unsurpassed in the Morristown area. He has also published numerous research articles and abstracts on multiple topics, including physical chemistry, clinical pharmacology, and heart failure.

Dr. Freilich has been acknowledged by his peers as a leading physician and has been included in Best Doctors, Guide to America’s Top Physicians, and Guide to America’s Top Cardiologists. He has also received accolades for his resident and medical student education at Morristown Memorial Hospital, a major teaching affiliate of the Jefferson School of Medicine.

Dr. Freilich attended Columbia College of Physicians and Surgeons, after completing his major in chemistry in only three years at Brooklyn College of CUNY. He was awarded an honorary Jonas Salk Scholarship for medical research by an undergraduate at CUNY, as well as the prestigious New York Regent’s Scholarship in medicine, awarded to the top fifty scorers on the MCAT in New York State. Both his residency in internal medicine and his fellowship in cardiology were completed at Mount Sinai Medical Center. He then stayed on to practice cardiology at Mount Sinai Hospital in New York until he moved to Morristown in 1991.

Castle Connolly Private Health Partners (CCPHP)

CCPHP was developed by Castle Connolly Medical Limited (CCML) with a goal to connect patients with top physicians in a manner that facilitates an optimal health care experience. Castle Connolly is a highly regarded research organization based in Manhattan. Dr. Freilich and CCPHP have developed a membership program that will provide members with a unique array of amenities and enhancements and connectivity to an elite network of the nation’s top specialists and primary care providers.

Benefits of Membership

As a member of Cardiology Associates-CCPHP, you will receive the most convenient, connected, and collaborative health care experience possible. The benefits of membership include:

- **24/7 availability.** Dr. Freilich is available to communicate with you 24 hours a day, seven days a week.**

- **Extended office visits.** Rushing through your visit to align with insurance reimbursement is simply not how we like to practice medicine. When you see Dr. Freilich, he will personally spend as much time with you as you feel is needed.

- **Same-day or next-day appointments.** Members of this program have many convenient scheduling options, so you can be seen quickly—and at times that are convenient for you.

- **Connectivity to Top Doctors.** Whether you need a primary care physician or another specialist, Cardiology Associates-CCPHP can help members connect to CCML’s vast network of 45,000 top providers across the U.S., as well as a network of top physicians throughout the world.

- **Telemedicine access.** As part of the enhanced convenience and connectedness offered through this program, we will make available to members the opportunity to visit virtually with Dr. Freilich through a private, sophisticated video system.

- **A focus on wellness.** Members can take advantage of a variety of wellness benefits, including an annual healthy living assessment, which takes a holistic approach to your nutritional and physical fitness needs.

- **Health coaching.** As part of the wellness benefit, members will have available to them a variety of customized health coaching programs.

- **Nutrition services.** In addition to any nutritional consultation available under your health insurance plan, Cardiology Associates-CCPHP will arrange for you to have an annual, personalized nutrition consultation. The nutrition evaluation will assess dietary needs based on your underlying health status and will address appropriate lifestyle practices.

- **Patient-centered approach.** As a member of Cardiology Associates-CCPHP, you will receive the highest level of care and attention from all members of the team. Dr. Freilich’s medical practice includes a team of four cardiologists with a wide variety of expertise. In addition to 24/7 connectivity to Dr. Freilich, he will also engage his expert physician colleagues as appropriate to customize an approach to your care that best meets the needs of your individual situation.

** In cases where Dr. Freilich is unable to communicate due to vacation, sickness, or other reason communication with another practitioner or covering physician will be arranged.

INVEST IN YOUR HEALTH

At Cardiology Associates-CCPHP, you are more than just a cardiology patient—you are a whole person. People with cardiovascular disease have the best outcomes when they follow a care plan that includes activities to improve their overall health, such as following an appropriate diet, reducing stress, and getting the right amount of exercise. In addition to the extended time you will be able to spend with Dr. Freilich, your membership fee includes a number of amenities focused on wellness, such as nutrition consultation and access to a variety of resources to improve health and wellbeing.

Our Commitment

Members are assured a more convenient, connected, and collaborative relationship with their physician. The structure of the membership program is designed with one simple focus: you. The amenities and enhancements of our program are designed to help members achieve their individual goals.
